## SUMMARY

I'm a passionate fresh graduate, aspiring to become a web developer who yearns for personal and career growth, collaboration, teamwork, and to develop real-world projects. Even if I don't yet fully meet all the qualifications or possess every required skill, I am confident that my hard work and perseverance will allow me to quickly adapt and grow as I begin working with your company.

---

## EXPERIENCE

### Internship Project

#### *Web Developer*

March 2025 - May 2025

- Developed a system (Bula Data Management System) with the Laravel Filament framework to consolidate data from multiple offices. The solution speeds data collecting and ensures accessibility even after natural disasters.

### Academic Projects

#### *Project Leader*

July 2024 - Jan 2025

- Capstone Project: Developed a web-based management system integrating IoT-RFID and fingerprint authentication, utilizing Laravel, MySQL, Python, Flask API, Bootstrap, and JavaScript.

2024

- Developed a responsive e-commerce website for skill purchases using HTML, CSS, JavaScript, Bootstrap, and MySQL.
- Developed a responsive library management system using HTML, CSS, JavaScript, Bootstrap, and MySQL.
- Developed a bank management system using Java NetBeans with a MySQL database.

### Personal Projects

Sept 2025 - Oct 2025

- Developed "MyCart," an e-commerce website, using Laravel, Filament, Livewire, MySQL, and Tailwind CSS, as well as Mailtrap for password reset and Stripe for card payment process testing.

Aug 2025 - Sept 2025

- Developed a Barangay management system featuring information and report management using HTML, CSS, Bootstrap, JavaScript, PHP, and MySQL.

Sept 2025 - Oct 2025

- Developed a full-stack authentication project using the MERN (MongoDB, Express, React, Node.js) stack, featuring a React frontend and a Node/Express backend.

---

## EDUCATION

### Bachelor of Science in Information Technology

July 2021 - July 2025

#### Camarines Sur Polytechnic Colleges

- GWA: 1.55
- Honors: Dean's List(2024-2025)

---
